Rally details

The rally, which will be approximately 155 km long, will be on choice paved roads near Campbell River, Black Creek, Merville and Comox. There will be two legs, with a midpoint 20 minute break at Miracle Beach. Each Leg will consist of three Regularities, which are timed sections in which hidden checkpoints will record your arrival time; and transits, which are untimed sections.

Timing is done by drive-by control positions. Checkpoint crews record your time as you pass by. Controls will not be placed within 200 metres of the beginning or end of a regularity, Stop or Yield signs, or any instruction causing competitors to stop or pause.

Due to interest in this event from a wide spectrum of novices, instructions and average speeds will be listed in kilometers as well as miles.

Scoring is done by perfect time with 1 penalty point per second late or early. Your goal is to accurately follow the average speeds instructed in order to achieve the lowest possible score. The speeds will always be below the posted speed limit, and transit sections will allow ample time to reach the next regularity without exceeding the speed limit. The maximum penalty for any given checkpoint is 300 points (5 minutes), to a maximum of 600 points over any single regularity.

Any competitor who is issued a traffic violation citation while participating in this event will be subject to disqualification.

Classes are:

Novice – Just as it sounds, newcomers not having competed in more than 3 rallies.

Experienced – Any rallyist who has competed in more than 3 rallies.

Awards will be presented to the Novice Class winners.
